## 2023 NCTS Postdoctoral Fellows

The National Center for Theoretical Sciences (NCTS) Mathematics Division invites applications for Postdoctoral Fellows starting appointments either in the spring or fall of 2023. The NCTS is an international research center in mathematics and theoretical physics, supported by the National Science and Technology Council of Taiwan and the National Taiwan University. It aims to be a research center of excellence and hosts several onsite scientific activities in the form of international conferences, workshops, seminars, short courses, and summer/winter schools every year. For more information about NCTS, please visit <https://ncts.ntu.edu.tw/>.

### Description

The spring appointment starts from February 1, 2023, while the fall appointment from August 1, 2023. The duration of either appointment is 1 to 2 years and is extendable up to a total of 3 years. The NCTS will consider applications from all research areas in mathematics, however, priority will be given to applicants working in a field closely related to one of the NCTS Topical Programs:

- Number Theory and Representation Theory
- Algebraic Geometry
- Differential Geometry and Geometric Analysis
- Differential Equations and Stochastic Analysis
- Scientific Computing
- Interdisciplinary Studies

### Required Documents

The following supporting materials should be sent to Ms. Wendy Huang by email. In your email please write *NCTS postdoc application* in the subject line.

- A Cover Letter (please specify whether you are applying for spring or fall appointment)
- Curriculum Vitae
- 3 Letters of Recommendation
- Research Plan
- Doctoral Dissertation and Reprints / Preprints
- Name(s) of Prospective Mentor(s)

Prospective mentors usually are NCTS affiliated members. A list of these members can be found here: <https://ncts.ntu.edu.tw/ACR2.php>. **Deadlines** for the spring and fall appointments are **November 15, 2022** and **February 28, 2023**, respectively.
