

Institute of Mathematics Academia Sinica

Employment Information 2024

Overview

Academia Sinica, located in Taipei, Taiwan, is the national academy and the leading research institution of Taiwan. The Institute of Mathematics, Academia Sinica is seeking outstanding mathematicians in all fields of mathematics for appointments beginning August 2024 or sooner, at the levels specified below. All positions are research-oriented with **no teaching duties**.

Research Fellows

These (tenured or tenure-track) positions are offered at the rank of assistant, associate, full, and distinguished research fellow. Candidates must be established mathematicians with strong track records in research.

Institute Research Scholars

These positions are for young mathematicians with extraordinary potential. Candidates must have received their Ph.D. degrees within six years as of August 2024. The appointment is for **3+2** years and is not renewable.

Postdoctoral Positions

These positions are for mathematicians who have received their Ph.D. degrees within **five** years as of August 2024. The appointment is for 2+1 years and is not renewable.

Deadline

The Institute hiring committee will start reviewing applications on 1 November 2023. To receive full consideration, all required application materials should be received by 1 December 2023. However, the Institute may continue to review applications until positions are filled.

All applications must be filed online at: <https://www.mathjobs.org/jobs/loMAS>
